

GOVERNOR'S ELECTION.

The following is the official return from the election held on Wednesday, 18th inst., for Governor and Lieutenant-Governor, in the Districts heard from:

For Governor.	For Lt. Gov.
Anderson District, 696	273
Abbeville, 366	423
Greenville, 314	609
Pickens, 261	688
Charleston, 780	661
Fairfax, 250	41

In Darlington District there was no opposition to Olin for Governor and Portner for Lieutenant-Governor—the poll was 650.

INTERNAL REVENUE GUIDE.

We acknowledge the receipt, from the Press of G. E. Elrod, Greenville, S. C., of a neat and convenient pamphlet with the above title, comprising an abstract of the Internal Revenue and Direct (or Indirect) Tax Laws of the United States, &c. This little work supplies a desideratum in this section, for the information among our people upon these subjects is quite limited and vague, indefinite in its character. All who have Taxes to pay will find this a convenient and correct guide for their instruction, and we would advise all such to obtain a copy. Price, Fifty Cents.

NEW ADVERTISEMENTS.

We invite attention to the following new advertisements in this issue:

Clark & White—Clothing Store.  
Bewley, Keese & Co.—New Goods.  
Grierson & Walter, Newberry, S. C.—Forwarding and Commission Business.  
Hannahan & Warley, Columbia, S. C.—Commission and Forwarding Merchants.

THE COLUMBIA POST OFFICE.

We notice in several of our exchanges that there is considerable complaint about the manner in which matters are conducted in the Columbia Post Office, and of late the inquiry has become prevalent in this section, Is there a Post Office established at Columbia? Of course, persons naturally suppose that the capital is supplied with an establishment of this kind and the public look for regularity and precision. But the facts warrant a different conclusion. It is true, that sometime ago it was announced that a gentleman who "knows how to keep a hotel" had received the appointment, and the public felt assured from complimentary notices that he would keep a model Post Office; but from our experience and observation, there seems to exist a doubt if such person has assumed the functions of his office, or else he has been singularly neglectful of his duties. Instances can be cited of apparent wilful neglect, and we trust our friend of the *Phoenix* will carefully inquire into the facts and report accordingly.

VOLUNTEER COMPANIES.

An effort is being made to organize an effective Company in this village, under the Proclamation of Gov. Penny calling for the organization of a militia force, in order to preserve and maintain the public peace. It is self-evident that such an organization, in view of the contemplated removal of federal troops from this section, will become indispensable, and we trust that every able-bodied man in this vicinity between the ages of 18 and 45 years will promptly enrol for this purpose. The list will be presented at once to the citizens, but should it fail to meet the eyes of any, we hope they will signify their intention of joining by leaving their names at this office.

We again offer a suggestion in regard to the formation of these Companies, to the effect, that it would be politic and wise to organize one Company in each of the Militia Regiments of the District, composed of young men from all parts of the District, with officers so dispersed throughout each Regiment, as to make it convenient and expeditious in cases of emergency to summon a sufficient force. Let active, energetic men at once put the ball in motion, and secure the organization of these Companies.

We show out the suggestion likewise, that the formation of these Companies will hasten the return of civil law and domestic regulations, and that the garrisons will not be relieved from the country until the Government is satisfied by actual demonstration of good citizens that we are competent to secure tranquility and perfect quietude in our midst. No matter what we believe as to our ability to protect the country against depredations and marauders, there are different opinions elsewhere, and we must concede as heretofore conceding to "the powers that be," and not churlishly maintain our prejudices to the cost of important benefits. "A word to the wise is sufficient."

For the Intelligencer.

TO THE VOTERS OF THE 4TH CONGRESSIONAL DISTRICT.

Again are you called upon to exercise your franchise by the election of a person to represent you in the Congress of the United States. Among the

several persons whose names have been announced for your suffrages, we desire to present the claims of JAMES FARROW, Esq., for your support. In so doing we shall not detract from the merits of either of the gentlemen placed in nomination, but endeavor to show the pre-eminent claims which justify our selection of Mr. Farrow. To the Soldiers of this Congressional District, we appeal for the truth of our statement, "that his care for them and his ministrations in their behalf whilst in Richmond and in the hospitals was unceasing, and many a soldier's last moments have been cheered by his visits. As a Christian, man none there is who will asperse his character, and no purer man exists in the State. The only charge raised against him that we have heard is the want of acceptability with the Northern Congress, but we have yet to learn that a bold avowal of Southern sentiment is a barrier to political preferment in South Carolina, and we trust that this constituency will elect a man of their own opinions, despite the cavillings of Radicals, both North and South.
